

Dear participant,

We are pleased to welcome you for the 7th International Symposium on Recurrence Plots. In the following we have prepared some general information concerning your arrival. International flights arrive in the Guarulhos International Airport (GRU) in Terminal 3 (Figure 1). The airport has a large structure of shops and services, which can be checked in:

<http://www.aeroporto guarulhos.net/en/>

GRU is about 45 km distant from Escola Politécnica of USP and the recommended hotels as pointed in the symposium website.

Figure 1 – GRU airport terminals

As for transportation to the hotels, you can take a taxi in Terminal 3 (right at the outside part) or you can take a taxi or a bus at Terminal 2. For walking from Terminal 3 to Terminal 2 there are indications all over the airport. Right in the exit of Terminal 2 you will also find the option for a taxi or a bus.

1) Taxi

You can get a taxi service from Guarucoop:

<http://www.guarucoop.com.br/eng/index.html>

Guarucoop is the only company allowed to operate at the airport. You can find the company desk as shown in Fig. 2 in the outside part of Terminal 2 and 3 on the sidewalk. You can buy a ticket in this desk and go to the taxi line in front of it. The price will be defined according to your final destination. A typical ride to Pinheiros neighborhood costs about R\$ 170,00 and to Paulista avenue R\$ 150,00.

Figure 2 – Guarucoop desk

2) By Bus

On the sidewalk of Terminal 2 you will also find the Airport Bus Service (Figure 3) that can let you in the metro stations: Barra Funda or Tietê. Both are recommended. Republica station is also possible, but it is not a good option considering distance for walking, stairs with baggage, etc. A good option would be Paulista Avenue destination, which is close to the subway and not too far by taxi to the Pinheiros Hotels. An Air Bus Service trip from the airport to Paulista costs about R\$ 48,80. A taxi from Paulista avenue to Pinheiros hotels is about R\$ 25,00.

Details concerning lines and schedules can be found in:

<http://www.airportbusservice.com.br/en/linhas>

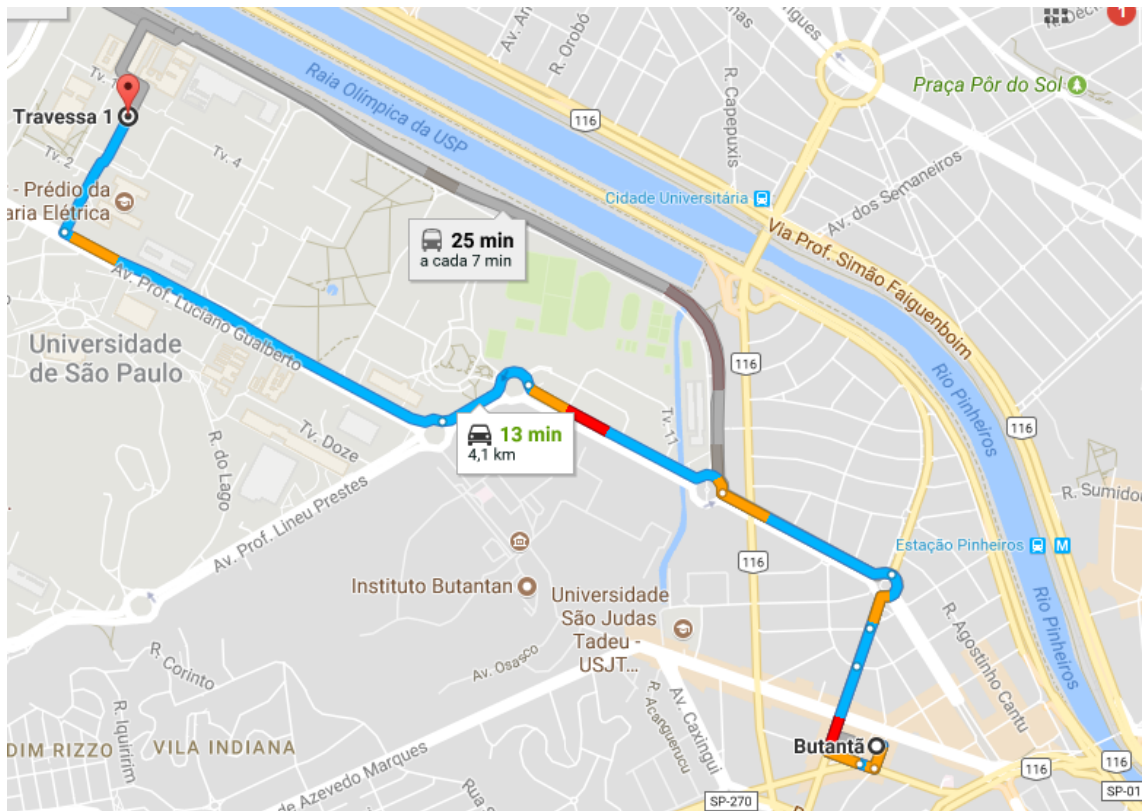

Figure 3: Airport Bus service desk (left). Typical airport bus (right).

Obs:

- 1) Uber service works quite well in São Paulo and defines a low cost option instead of taxi.
- 2) São Paulo metro is quite a good option of transportation in São Paulo (map attached). Detailed information can be found in: <http://www.metro.sp.gov.br/en/your-trip/index.aspx>
- 3) Fradique Coutinho Station is 11 min walking from Golden Tower Hotel;
- 4) Faria Lima Station is 7 min walking from Quality Hotel and 6 min walking from Ibis Styles Hotel;
- 5) Ibis Paulista is about 3 min walking to the Consolação Station.

The metro station closest to USP is Butantã (yellow line). You can take a taxi or bus to Escola Politécnica da USP from this station. By taxi or Uber it takes 13 min.

Two different bus lines operate from the Butantã station to USP (attached). You can take bus right at exit of the station.
